

## CSBB 553

Back box for  
Cooper / Wheelock devices

### DESCRIPTION

The CHASE SECURITY CSBB 553 back box has been designed as an alternative to Cooper / Wheelock's model IOB back box for various horn and strobe devices. Unit is supplied in white or red polyester which compliments the installed device and is supplied with matching screws.

The steel back box provides strength and ease of installation and maintenance of equipment once installed. For over 30 years Chase Security products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution. They are installed by Government Institutions, Prisons, HUD, Projects, Universities, Hotels, Parks, Schools, Hospitals, and other public locations where both functionality and aesthetics count.

*Shown with Chase's CS IOB cover plate (sold separately).*

### FEATURES

- ◆ Constructed of quality 16-gauge cold-roll steel.
- ◆ Stock finish: White or red polyester.
- ◆ Dimensions: 5 1/4" x 5 1/4" x 2 5/8".
- ◆ Can be made with provisions for conduit pipe.
- ◆ Easy to install.

### ACCESSORIES

- ◆ Designed to fit Chase cover plate model # CS IOB.

*Chase Security Systems, Inc., an MBE Enterprise, draws from over 30 years of experience selling to the Fire, Security, Computer, Sound, Food Processing, Forestry, Communications and Telecommunications industries. Many of our signature products are now being produced by other manufacturers but our steel towers are still the product of choice for their strength.*
