

CS IOB

COVER PLATE FOR COOPER WHEELOCK IOB SERIES BACK BOX

DESCRIPTION

The CHASE SECURITY COVER PLATE has been designed to fit the Cooper Wheelock IOB series back box. These plates are used to cover openings left in IOB installations where signaling devices are no longer included. Unit is supplied in white or red polyester to compliment existing back box and is supplied with matching screws.

The steel cover plate provides strength and ease of installation and maintenance of equipment once installed. For over 30 years Chase Security products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution. They are installed by Government Institutions, Prisons, HUD, Projects, Universities, Hotels, Parks, Schools, Hospitals, and other public locations where both functionality and aesthetics count.

Cover plate featured with Cooper Wheelock IOB Series Back box (Not included)
