DUAL CARD READER / VIDEO INTERCOM STATION / VEHICLE TOWER

DESCRIPTION

The CHASE SECURITY CUSTOM STEEL TOWER has been designed to house card readers, cameras, intercoms, and other electronic devices and protect them against vandalism or accidental damage. It is designed to be used in a variety of public locations including: driveways, parking lots, port authorities, military bases, consulates, apartment complexes, prisons, and government and institutional facilities.

The steel tower provides strength and ease of installation and maintenance of equipment once installed. For over 30 years Chase security products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution and installed by Government Institutions, Prisons, HUD, Projects, Universities, Hotels, Parks, Schools, Hospitals and other public locations where both functionality and aesthetics count.

Can be used in a variety of outdoor applications.
