PULL STATION / SWITCH GUARD

For Edwards Systems Technology
SIGA-270 Fire Alarm

DESCRIPTION

The CHASE SECURITY HINGED WIRE ENCLOSURE has been designed to protect pull stations, switches and other devices against vandalism or accidental damage. It is designed for Prisons, HUD Projects, Universities, Hotels, Parks, Schools, Hospitals, and other public locations where both functionality and aesthetics count.

The wire enclosure provides for ease of installation and maintenance of equipment once installed. For over 30 years Chase wire products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution.

Can be used in a variety of applications.
