STROBE / SPEAKER BACK BOX

For GE Security Genesis G4 Series

DESCRIPTION

The CHASE SECURITY BACK BOX has been designed as an attractive replacement to the traditional electrical box. This solid steel back box provides a sturdy mounting surface for attached signaling devices while complimenting the vibrant colors of the device itself. This design allows for easy access to enclosed cabling making installation and servicing of horns and strobes a breeze. It is designed for Prisons, HUD Projects, Universities, Hotels, Parks, Schools, Hospitals, and other public locations where both functionality and aesthetics count.

For over 30 years Chase custom metal products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution.

Can be used in a variety of applications.
